Writ Petition 958

Bytes for All vs Federation

Submitted to: Justice Mansoor Ali Shah

By: Farieha Aziz & Khurram Zafar

- Total offensive content reported from all countries to Google amounts to approximately 9000.  
(For reference, kindly see annexure A from July 4, 2013 submission)
- Of these 9000, approximately 3000 fall in the category of defamation and religious offense. Approximately 270 of the 3000 requests were filed under religious offense.
- From Pakistan, Google has officially received 11 requests since 2009. None of them fall under the religious offense category.
- On the other hand, Pakistan's virtual university (VU) has served online education content to 13,900 subscribers, through 7000 educational videos that have been viewed 11.5 million times.
- Khan Academy, also an online educational setup from Pakistan, has served content to 1.2 million subscribers through 3600 videos that have been viewed 285 million views.
